

New Reward

AI Search for modern brands

Simple terms for approved franchise partners.

This is the short commercial version of the New Reward franchise offer. It shows the current pricing floor, payout bands, and contract flow used inside the portal.

AI Search partner model

Stripe-backed contract flow

CRM-scoped client signup

— AT A GLANCE

Franchise users can create contracts for their own scoped prospects and clients, send a signing link, and move the client into Stripe checkout from the saved contract terms.

CURRENT PRICING FLOOR

\$1,000 setup + \$1,000/mo

Used in the current franchise commercial flow.

— WHY THIS WORKS

One clean path from contract to payment.

The franchise seller stays tied to the deal, the client comes from the CRM roster, and checkout uses the same saved commercial terms.

PROGRAM

What this covers

A franchise partner can send a New Reward AI Search contract from the portal for a client already attached to their CRM roster.

BILLING

What gets locked

The contract stores a pricing snapshot at creation time so the later Stripe checkout matches the signed deal.

SCOPE

What is restricted

Franchise users cannot create contracts outside their scoped tenant list or under a different seller tenant.

DEFAULT FEES

Commercial floor

ONE-TIME SETUP

\$1,000

MONTHLY FEE

\$1,000

These are the current default minimums used by the franchise commercial path.

PORTAL FLOW

How a deal moves

- 1 Select a prospect or client from the CRM roster.
- 2 Create the contract inside the franchise workspace.
- 3 Send the signing link and capture acceptance.
- 4 Start Stripe checkout from the saved contract terms.

— REVENUE SHARE

Payout bands

Seller share is based on active paying clients tied to the franchise seller account.

BAND	ACTIVE PAYING CLIENTS	SELLER SHARE	NEW REWARD SHARE
Foundation	0-20	50%	50%
Growth	21-30	60%	40%
Scale	31+	70%	30%

— CLIENT PACKAGE

What the client buys

- AI Search program access through New Reward.
- Contracted tier, billing interval, and setup fee.
- Tenant-linked billing and access control.
- Stripe-backed checkout after signature.

— PARTNER VALUE

What the franchisee gets

- A clean contract workflow inside the portal.
- Seller attribution on each franchise contract.
- Revenue-share payout logic tied to active client count.
- A simple path from contract to payment.

— RULES

Scope notes

Franchise contracts can only be linked to prospects and clients already attached to the franchise CRM roster. The seller tenant stays fixed to the franchise account.

This term sheet is commercial guidance only. Final legal terms, payout treatment, billing behavior, and any exceptions are governed by the signed agreement, order form, and Stripe checkout tied to the saved pricing snapshot.
